

Landfill Gas (LFG) Resource Evaluation Form

Municipal Waste Only

Name of Landfill Facility _____

City _____ State _____ Zip _____

Contact Name _____ Phone: (____)- _____

LFG available for processing (MMSCFD or scfm) _____

Landfill Open ___ YES ___ NO

Flare Installed ___ YES ___ NO

Expected life of the Landfill _____ years

Trash in place _____ tons

Trash accepted daily _____ tons

2 acre project site available on landfill property (no waste underneath)? ___ YES ___ NO

Landfill gas composition (approximate):

Methane _____ %

Carbon Dioxide _____ %

Oxygen _____ %

Nitrogen _____ %

Balance Gas _____ %

H₂S _____ ppm

Existing LFG utilization ____YES ____NO

If yes, explain:

Desired LFG products:

- ____ Contaminant free medium BTU fuel
- ____ Pipeline Quality Methane
- ____ Hydrogen
- ____ Methanol
- ____ CNG
- ____ Liquid CO₂
- ____ Dry Ice
